## Thank you Enfield!

Thank you for all the support and kind wishes I have received since being elected as the Member for Enfield. Thank you for putting your trust in me to be your representative in our State Parliament. It truly is an honour and it means the world to me.

The best part of the campaign was getting out and meeting some amazing locals, from residents to business owners to sporting club members. We have incredible communities here in Enfield that we should be very proud of.

This community deserves every effort to make a better tomorrow than it is today. Better services, a stronger economy, better education for our kids and better support for our elderly, new migrants and those in the community doing it tough. These are just some of the issues that I will be focussing on for you.

## Prospect Service SA must stay open!

The recent election result in the seat of Enfield sent a clear message to the Marshall Liberal Government. South Australians rely on Service SA centres to access essential services and closing Prospect will seriously impact local residents.

The number of transactions conducted by Prospect Service SA continues to grow, with more than 105,000 customers served in 2017/18, making it the third busiest centre in SA.

Over 15,000 South Australians have already signed the petition to keep these centres open and I will continue to fight and put pressure on the Liberal Government to reverse its decision.

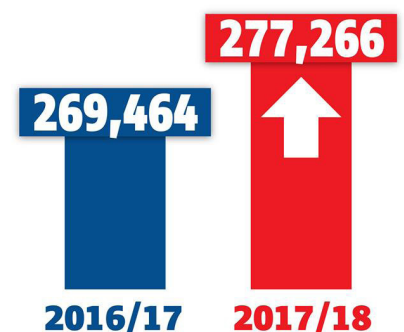

A Malinauskas Labor Government has announced it will reverse the decision to close Prospect Service SA and conduct a review into what additional government services could be provided. Labor will also review staffing levels and operating hours to better align with customer needs.

# Fosters Road

## The Liberals just don't get it

Throughout the by-election campaign I heard time and again that the Fosters Road/North East Road intersection had to be fixed. The Liberals led by Steven Marshall committed to installing traffic lights at the intersection prior to the 2018 State Election.

Transport and Infrastructure Minister Stephan Knoll recently wrote to me advising that the Liberal Government had backflipped on their commitment and will not install traffic lights to fix this dangerous intersection.

I am committed to continuing the fight to have the intersection fixed. You can help send a message to the Marshall Liberal Government to honour its commitment by signing the "Fix Fosters Road" petition: [bit.ly/fixfostersroad](http://bit.ly/fixfostersroad)

## Parliament Update

In late February I was warmly welcomed into the South Australian Parliament by my colleagues following the by-election.

I am proud to join with Peter Malinauskas and the Labor team to continue to hold the Marshall Liberal Government to account over their failures on the River Murray, cuts to public transport as well as the closures of Service SA centres.

You can watch my first speech to Parliament on my Facebook page, where I reflected on how much the local Enfield community gave my family when we migrated here from Cyprus.

## How I can Help

As a Member of Parliament I can provide assistance and a range of services to individuals and community organisations.

- Provide individuals and organisations advice and support on Local, State and Federal Government matters
- Offer community or individual advocacy, engagement and consultation
- Justice of the Peace Services
- Assistance with grant applications
- Address community concerns
- Arrange for special anniversary and birthday congratulatory messages (to receive letters by the date from dignitaries)
- Support community events or volunteer groups with projects, activities and promotion
- Organise Parliament House tours for schools and community groups
